In accordance with the State Department of Health Services regulations, Rubio Canon Land & Water Association is required to evaluate each service connection from the public water system to determine if a cross-connection control device is required on such connection. A cross-connection is any unprotected actual or potential connection or structural arrangement between a public or a consumer's potable water system and any other source or system through which it is possible to introduce into any part of the potable water system any used water, industrial fluid, gas or substance other than the intended potable water with which the system is supplied.

Do you have any of the following that are or can be connected to the public water system?

- | | |
|--------------------------------|------------------------------------|
| _____ Additional water sources | _____ Pressurized vessels |
| _____ Pressure Pumps | _____ Elevated Tanks |
| _____ Cooling towers/boilers | _____ Photo processing equipment |
| _____ Solar Energy Systems | _____ Industrial fluid systems |
| _____ Fire fighting systems | _____ Water/wastewater reclamation |

Does/will any condition exist in the on-premise plumbing system that constitutes a cross-connection as defined above? _____No_____Yes If yes, please describe condition fully: _____

It is hereby understood that, in accordance with the State Department of Health Services regulations, Rubio Canon Land and Water Association may require that their employee/agent inspect the on-premise plumbing system to determine whether or not a cross-connection control device must be installed, and the type of device that must be installed. If such device is deemed necessary, it is understood that the water used is responsible for installation and maintenance of such device. Details of such requirements are available in the company's adopted cross-connection regulations adopted pursuant to the State Department of Health Services requirements, and on file at the company office.

Rubio Canon Land and Water Association is a mutual water company incorporated in 1886, which means that all the users of water supplied by this company must be shareholders in the corporation. By this token, we are allowed to serve water to shareholders only, or to their tenants who are authorized in writing to receive water by the shareholder. **In the event that a tenant pays for their water bill directly and becomes delinquent. The shareholder is the person ultimately responsible for the billing for water used.**

All water bills are payable upon receipt of the bill. Water service may be discontinued without notice for all bills fifteen (15) days or more delinquent. When water service has been discontinued because of failure to pay for water supplied, a reconnection charge in addition to any outstanding water bill must be paid before water service can be restored.

THE UNDERSIGNED DOES HEREBY CERTIFY THAT; The undersigned owns the real property as described on this application for water service and also owns the necessary shares of stock in Rubio Canon Land and Water Association so as to enable the undersigned to receive water at the above-described premises.

The undersigned authorizes and directs said company to mail all water bills directly to the tenant or other person in possession of the property, if any, as set forth above, even though the undersigned, as owner of said property and owner of the necessary shares of stock is responsible to the Company for water consumed on the described premises, as well as any late charges or reconnection fees as may be added because of delinquencies in payment of water bills.

The undersigned declares that he completely understands that his authorization relieves Rubio Canon Land and Water Association of any Responsibility to give any notice to the undersigned that it is effective unless and until terminated in writing:

Date _____ Owner/Shareholder _____

Date _____ Owner/Shareholder _____

THE UNDERSIGNED TENANT OF THE REAL PROPERTY CERTIFIES AS FOLLOWS: That he is authorized tenant of the Owner/Shareholder of the real property and that he is in lawful and legal possession of said premises; that he will pay on behalf of the Owner/Shareholder of said property and be legally responsible for all water supplied pursuant to this Application for Water Service.

Date _____ Tenant _____

This order is accepted only as a courtesy to the shareholder and on the distinct understanding that it does not release the shareholder from any liability as to unpaid water bills. This order will remain in effect until canceled by a new one or until the tenant advises he has left the premises in which case further bills will be sent to the shareholder until otherwise ordered.
