IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

THIS NOTICE LIFTS THE DO NOT DRINK/DO NOT BOIL ORDER FOR THE CALAVERAS, MAIDEN LANE, AMES, AND THE ZANE GREY ZONES (ALL ZONES LISTED EMCOMPASS THE WHOLE SYSTEM)

Este informe contiene información muy importante sobre su agua potable. Para una copia en español, favor de llamar al sistema de agua (626) 797-0509.

The State Water Resources Control Board Division of Drinking Water, the Los Angeles County Health Department, and Rubio Cañon Land and Water Association issued a Do Not Drink Do Not Boil Order on February 7, 2025, due to Benzene detection in portions of our distribution system following the Eaton Fire. We are pleased to inform you that this issue has been resolved for the Calaveras, Maiden Lane, Ames, and the Zane Grey zones.

Through abatement and comprehensive water quality testing, the specified areas meet all state and federal safety standards for potability.

The State Water Resources Control Board Division of Drinking Water has authorized the removal of the **Do Not Drink Do Not Boil Order, effective March 10, 2025**, for the Calaveras, Maiden Lane, Ames, and the Zane Grey distribution zones. Residents within these zones may now safely resume using their tap water for drinking and all other purposes.

Recommended Actions as You Return Home:

- Flush Your Water Lines:** Run cold water from all taps for at least 5 minutes to remove stagnant water. Larger homes may need 10-15 minutes for a thorough flush.
- Sanitize:** Sanitize water-using appliances and fixtures like dishwashers by running an empty cycle with hot water and detergent, flushing water filters with at least one gallon of water, and discarding at least two batches of ice from ice makers as a precaution.
- Monitor for Water Quality:** A thorough flush will typically resolve any odor, color, or taste issues with your water. If any concerns persist, please report them immediately.

If you have any questions or require further assistance, please contact Rubio Cañon Land and Water Association at (626)797-0509, mailing address 583 E. Sacramento St., Altadena CA 91001.

Please share this information with others who may use this water, including residents in apartments, nursing homes, schools, and businesses, especially if they may not have received this notice directly. You may do so by posting this public notice in a visible location or distributing copies by hand or mail.
